

A.R.J COLLEGE OF ENGINEERING AND TECHNOLOGY

Edayarnatham - Mannargudi

Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai-25

(An ISO 9001:2015 Certified Institution)

4.1.1 Availability of adequate infrastructure and physical facilities viz., class rooms, laboratories, ICT facilities, cultural activities, gymnasium, yoga Centre etc. in the institution.

A.R.J. College of engineering and technology 24.25-acre land with a buildup area of 41519.06 square meters. It has a comfortable environment for gaining higher education with appealing infrastructure. The institution since its inception in 2008 has never compromised with the complete facilities of infrastructure, physical buildings, machinery, equipment, software, books and after learning resources. The institution has sufficient infrastructure and physical facilities to facilitate students to innovate, import team spirit and have competence to enable them to face the global challenges and become a contributing members of modern society. The college firmly believes that the essential and adequate infrastructure facilities will afford ample of opportunities for both the faculty and the student's academic development and growth. Thus main focus was on creating such a learning environment that would enable the students to transforms into capable, confident and responsible engineering graduates the country is looking for.

The available facilities are more surplus than the requirement prescribed by the AICTE and Anna University by getting hold of additional equipment. As the institution is affiliated to Anna University, all the courses and academic programs are designed well by Anna University taking suggestions from the college, industry and other stakeholders. The requirements of various developments in the fields of science, Engineering and technology and the specific needs of the society, decide new courses to be included in the curriculum.

All these courses are mutually related with the program outcomes and program specific outcomes. Some topics that are not included in the syllabi are identified and isolated as curriculum gaps.

Edayarnatham - Mannargudi

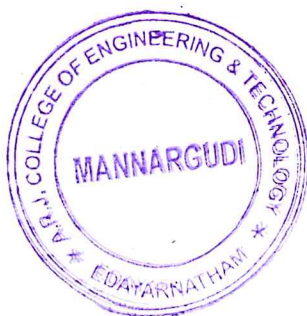

Approved by AICTE, New Delhi & Affiliated to Anna University, Chennai-25

(An ISO 9001:2015 Certified Institution)

To strengthen the program outcomes, additional courses, guest lectures and learning materials are introduced in addition to this. The quality of class rooms teaching is enhanced by giving faculty awareness about pedagogical teaching learning methods, blooms taxonomy and Outcomes Based Education (OBE) by various workshops and faculty development programs conducted in the department and institute. The students at the institution are trained to be inquisitive and curious and to master the concepts and their applications. The classroom interactions encourage the presenting and arguing of their technical ideas through project submissions and presentations.

The instructional (classrooms, laboratories, library, seminar halls, auditorium, computer centers, etc) facilities are more than the required. All laboratories are fully equipped with latest equipments. These laboratories spotlight the students on the latest research and advancements. The computing facility consists of licensed software (system software and applications software). The computing facilities after college cater to the needs of faculty and students to foster an effective Teaching Learning Process. A health-computing ratio of 1:3 computers 3 students is being maintained. The main library with an area of 600 sq.m with a seating capacity of 150 is maintained. The digital library is equipped with personal computer switch are connected with Wi-Fi and LAN for fast and seamless access of the internet of streaming NPTEL lectures and using e-Resources for the benefit of its users.

Sports play a pivotal role in shaping ones personally and maintaining good health. A.R.J College of Engineering and Technology, Mannargudi has specially developed a sports environment that matches international standards and gives a truly global experience to all our students. A.R.J College of Engineering and Technology is equipped with the multiple sports facilities. Our multiple sports facilities to retain our students engaged with better physical fitness and provide training for participating in various sports and games at the national and international level. The college has ground facilities for playing cricket, football, high jump, triple jump. The college has an indoor stadium for playing chess and carom.

To encourage the extra –curricular activities of students, A.R.J College of Engineering and Technology fine arts and English club has been established to identify fresh and untapped talents of the students in the various forms of fine arts. Students are motivated to take part in various competitions like (Tamil and English), drawing , art from waste, photography, multimedia presentation, college making poetry precipitation, slogan writing, essay writing, poster making, dance music, photography, debate throughout the year. The students are motivated to participate in the competitions held in various colleges. An auditorium with seating capacity of 750 is potentially utilized for conducting the events of fine arts club.

Sports and games have played a prominent role in the evaluation of A.R.J College of Engineering and Technology has completed twenty three years of its academic life, sports in A.R.J College of Engineering and Technology can definitely claim a fair share in the progress of the institution. The college has excellent infrastructure for sports and provided professional coaching in sports to the students. Over the years A.R.J College of Engineering and Technology has invested in sports considerably, so that today we can be proud of not only having excellent sports facilities, but also having produced sportsman of the highest caliber.

Regarding sports and games, A.R.J College of Engineering and Technology is equipped with the following facilities for facilitate the students to take up and practice sports activities. The residents play indoor games such as chess, carom etc., in the in – door stadium. All the college play ground / play fields and all the hostels blocks are the located in the college campus. Therefore, the students can use all the sports and the games facilities that are available in college.
